Re: Biology professor

Dear Sir,

I have seen your advertisement for a biology professor in the "DAILY News" newspaper and I would like to apply for this job.

My name is James Brown. I am a 25year old British man.

I left London when I finished my secondary education. I went to Austria where I studied at Vienna university and I got my degree on life sciences there. Since then I was working at the same university as a professor. Now I think seriously to return back to my native country to work at Manchester University.

I am looking forward to hearing from you soon. I will be glad to supply any other information you need.

Yours Sincerely  
James Brown
